

The screenshot shows the FTX website interface. At the top, there are various navigation icons and a search bar. The main header reads "Case 22-11068-JTD Doc 495-2 Filed 01/13/23 Page 1 of 3". Below the header, there are buttons for "Deposit", "Withdraw", "Convert", "Send", "Margin Borrows", and "Margin Lending". A red banner on the left states "FTX is currently unable to process withdrawals. We strongly advise against depositing." The main content area displays a table of deposit history. The table has columns for "Time", "Coin", "Amount", and "Status". The data shows multiple deposits of 0.73 FTT made on different dates in October 2022. The status for these deposits is "P2P Transfers". There is also a note in the table that says "Up to 60% FTX trading fee discount". The bottom right corner of the screen has a white box with the letter "E" on it.
